Team Capacity:
Shishir Shrestha [8 hours]
      - Base capacity: 8 hours
DeWitt Colvin 10 hours
      - Base capacity: 15 hours
      - 5 hours for other schoolwork
Liam Kressin:
      -Base capacity : 12 hours
      - 5 for school work

Sprint Goal:

Finalize core container build such that submitted code can be compiled and tested in a container seamlessly. Improve execute and test functionality, including but not exclusive to error and malicious code cases.

Planned User Stories:
US11 - Return to User
US3 - Execute in Sandbox
us9-return from infinite loop
us10 - test case output
 us8- return compiler errors
US15- kubernetes (scary)
